

Important safety instructions for all Prince Lionheart wipes warmers.

Thank you for choosing Prince Lionheart! Please take a moment to read these instructions completely before using any Prince Lionheart Wipes Warmer to ensure safe and correct usage of the product.

SAFETY INSTRUCTIONS: Always use the Wipes Warmer on stable, flat surface and arrange cord to prevent accidents. Do not put the cord, plug or Wipes Warmer in water or any other liquid. Keep out of reach of children. This product is designed to warm baby wipes only. Do not use for any other purpose. Do not cover with any material.

WARNING: To protect against burns, electrical shock, fire and accident, use the Wipes Warmer only in accordance with the following instructions.

OPERATION: Plug the unit into a standard 110-240V wall outlet. The power indicator light will be on when functioning properly and the unit will begin warming.

EVER-FRESH®: All Prince Lionheart Wipes Warmers (except for Compact Wipes Warmers) come with the patented EVER-FRESH® System. Before placing wipes within the Warmer, remove the Ever-Fresh® pillow from its package, saturate with water, then place the pillow in the base of the Wipes Warmer. If your Warmer model comes with the Pillow Case™ or Water Reservoir™, place the saturated EVER-FRESH® pillow into the Case or Reservoir before positioning within base of the Wipes Warmer. The lower compartment of the Water Reservoir™ should be filled with water before placing the saturated pillow within the top compartment. The TipTop™ Pillow (if included with your model) should be rinsed/saturated and inserted into the Wipes Warmer's lid each time a new stack of wipes is added to your Warmer.

WIPES: Remove standard or pop-up wipes from original packaging, lift the lid and drop in a stack of baby wipes (approximately 80-100 wipes or enough to allow the lid to completely close - Compact Wipes Warmer holds approximately 30 wipes). For proper dispensing of pop-up wipes, remember to place wipes correct side up as noted on wipes packaging. Allow three hours to reach full temperature.

MAINTENANCE: EVER-FRESH® and TipTop™ Pillow should be rinsed/saturated every week or each time you replenish a new stack of wipes. Please make sure to replace with a new EVER-FRESH® and TipTop Pillow™ every three (3) months.

If you keep your EVER-FRESH® pillow correctly saturated and wipes are dispensed daily, you will never experience dry or discolored wipes. However, should the Wipes Warmer be plugged in for a prolonged time period without dispensing wipes, it is possible that the EVER-FRESH® pillow may become dry and you may notice some wipes discoloration as a result of prolonged heat exposure. This is not hazardous, just unsightly. It

To clean the warmer, unplug from the power source, allow to cool, and use a non-abrasive wipe to clean periodically. Do not immerse unit in water or other liquid.

CAUTION

IMPORTANT: Never pour water directly into a Wipes Warmer. Due to the sustained levels of heat and moisture associated with the wipes warmer, use caution in placing the unit on a compatible surface. Prince Lionheart makes no warranty, either express or implied, that surface discoloration or damage may not occur to furniture as finishes vary and some are less heat/moisture resistant than others. To avoid possible furniture damage, we strongly recommend that our warmers be used in conjunction with our Diaper Depots.

USING ON DIAPER DEPOTS™ (Sold separately): Simply align and attach the unit so that the two Front Lock Slots on bottom of Wipes Warmer secure onto the front edge of the Diaper Depots or the 2-in-1 Diaper Depot's detachable tray, as this will also align the Rear Lock Slots.

WARRANTY COVERAGE: Each Prince Lionheart Baby Wipes Warmer is guaranteed to be free from manufacturing and material defects for a period of one year from the date of purchase. **SAVE YOUR ORIGINAL RECEIPT TO VALIDATE START OF WARRANTY PERIOD.**

SERVICE: If this Wipes Warmer, its adaptor or cord becomes damaged or malfunctions, do not continue to use it or attempt to repair it. Return the appliance to Prince Lionheart postage paid, for examination, repair, or replacement.

LIMITATIONS: Use of your Baby Wipes Warmer for any purpose other than warming hygienic baby wipes is considered misuse. Prince Lionheart's warranty does not cover loss or damage caused by misuse, neglect, disassembly, or improper care. This warranty is in addition to and does not affect your legal statutory rights. Customer satisfaction can only be achieved by knowing and understanding customer concerns. Please direct all customer enquiries and warranty claims to our mailing address or email customerservice@princelionheart.com. Outbound warranty shipments from Prince Lionheart will be returned as directed, and will be prepaid as a service to our customers.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the
